DELIA AGRICULTURAL FAIR

AGAIN A RECORD SUCCESS

HORSES AND CATTLE WELL REPRESENTED

NORMAN BURKE WINS IN HOLSTEINS

Favored with beautiful weather and a large attendance of farmers and others last Tuesday the Delia Agricultural Fair again proved an enormous success showing this annual event as popular as ever. The number of exhibits and high standard set was all that could be desired, particularly in the first stock classes. Geo. Bolster again won the Bank of Commerce medal for the best male animal of any breed, judged by top quality, while Norman Burke outdistanced everything in Holsteins, beating some of the best imported C.P.R. stock. In the registered breeds the Cheshires predominated, Messrs. Savage, Adams and Stephens being the favorite exhibitors, and the judges were well pleased with the horses shown.

Some Good Horses

In registered Cheshires and stallions, three years and over, James Savage, Metches, easily won first, while Norman Campbell's yearling male took second. In two-year-olds, three years, A. Stroum was first, J. Savage was second, and Horace Martin was third. In the only one who showed in the Percheron class, and took first, in Belgians W. J. Bryan and Alex. Paine were successful.

6th Fortnightly Crop Report

(Issued by Department of Agriculture, Province of Alberta)

Edmonton, July 30, 1927.
Crop of all over the province have made steady progress during the past few weeks and continue to give promise of a successful season.

Winning in Holsteins

Norman Burke taking first, Ethel Long second and fourth, Stewart Sloan third.

In the two-year-old, three years

Adams was first, and J. Savage second, while in the one-year-olds W. Adams again took first.

In the first year class W. Adams

was first, J. Savage second and third. Here with first and second, Horace Martin was first, and Jim Savage second.

In draft class, grade only over 1,600 lbs.

Joe Adams was first, J. Savage second, Ethel Long third and fourth.

For draft mare, with foal first

A. A. Stroum was awarded second, Norman Burke taking first, J. Bryan third. The ewe-takes was won by A. Stroum.

The entries in cattle were well up

to standard. Norman Burke taking first, second and third in Holsteins, while Geo. Bolster again secured the Bank of Montreal silver cup for the best female animal of any breed in Class 2.

There was a splendid showing of

plants, that of wine being the only first, the best female animal of any breed in Class 2.

Presentation and Farewell To L. Stephens, Town Clerk

On Friday evening last a pleasant two hours was spent in the Chamber of Commerce building when the many friends and well-wishers of Mr. L. Stephens met and made him the subject of a presentation in the form of a handsome clock. On the occasion of his severing his connection with the town and district, Mr. Stephens left by the C.N.R. train for his old home in England on Saturday night, and carried away with him happy thoughts of the respect and esteem in which he was held by the wide circle of friends he had made during his several years here. He had not only held the office of clerk of the Village of Delia, as well as Justice of the Peace, but filled many other important positions, and was ever ready at all times to give his services, often gratuitously. In any good cause that came along. He took a keen interest in Church work, the Chamber of Commerce, the Fair, various sports, as well as being secretary of the School Board, and everyone regretted such an estimable citizen and valued public servant.

Shower for Miss Meryl Bryan

Shower was taking the form of two tented dinners, and some of the maidens are more than large ladies. At least that is the impression one gets from the shower held on Thursday last, at the home of Mrs. (Dr.) A. B. Kydd, in honor of Miss Meryl Bryan, a bride-elect from this town.

Conserving Wild Life in Canada's Northern Areas

Game Preserves to Protect Food Supply of Natives—Reindeer Investigation

Much to the regret of the Department of the Interior to originate and explore the most serious injury to the north of the Prairie Provinces, it is fully realized that development of the natural resources will depend on a sound stable population and an abundant supply of wild life. In conformity with the protective and preservative laws set aside for the sole use of the natives, expert investigators have been detailed to examine and report on wild life conditions; experiments have been conducted with a view to the introduction of new species and the extermination of those which are injurious to the natives. Regulations have been enforced with respect to the destruction of game animals. One of the most important experiments has been conducted with the introduction of the Wood Buffalo Park, a large number of Buffalo which were supplied to the Government, Alberta. The experiment has been watched carefully for two years and it is now known to have proved a great success.

STONEWALL NEWS Mr. Dechene, of Victor.

The hall storm that occurred on Tuesday evening, the 19th July, made a sweep from Big Valley to Byre Moore, some were injured and some were not. A few were named.

Mr. Reeves has a few more named. Mr. Humphries, from Saskatchewan, is coming here.

Mr. and Mrs. V. Dechene entertained about thirty guests to a stew-fest on July 27th.

Mr. Walter and two daughters are visiting her parents, Mr. and Mrs. Dechene, of Victor.

Mr. and Mrs. Geo. Morrison and family moved to Eskine last week. They were the guests of Mr. and Mrs. Walter. They returned on Monday evening.

If we could all do as we please who would wash the dishes?

SOAP

To introduce a new Soap, one of the nicest I have ever used, we are selling it at 10c a cake 3 for 25c, and 90c a dozen. This is a large round cake, and makes a wonderful bath soap. We have also just received a shipment of Vinolia Castle Soap, in small cakes, 6 for 25c, and in bars 25c. No better soaps made than are made by the Vinolia Company.

FLIES

A sure way to get rid of flies is by using FLIT. FLIT is one of the surest death to flies that is on the market. It is stronger than most of the preparations. TRY FLIT.

OLA CREAM

Ola Cream is the nicest hand lotion on the market. It relieves sun-burn, removes tan, cures chafing and sore hands. It is antiseptic and healing. 25c a bottle.

The Kennedy Drug Co.

DELIA, - Alberta.

Binders

McCormick-Deering Binders

HAVE THE BEST FEATURES of the McCormick and Deering Binders combined, and can be furnished with either the McCormick or Deering Knoper.

This new Binder has many improvements, and is much stronger and lighter draft than either of the old model binders.

Place your order early and insure getting delivery of a binder that will be a pleasure to operate and give you many years of satisfactory service—and backed up by the best possible repair service.

Twine

MCCORMICK TWINE is guaranteed for length, strength, weight, and will bind more bundles with the new type Trussed Big Ball.
